ACCESS

The site enjoys extensive road frontage onto Harpenden Road. Access to each strip of land would need the appropriate permission and this would be the responsibility of the buyer.

LAND VALUES

Despite the Brexit-related uncertainties, the farmland market has proven more resilient than many might have predicted as land prices increased 2% last year.

Investors have played an increasing role in the farmland market as they tend to be attracted to tangible assets as they see them as a safe haven for their capital. Land remains in considerable demand for capital investment for many non-farming reasons, including development potential, privacy, tax reasons, or amenity.

In the immediate future it is anticipated that **land prices will continue to rise**, supported by a lack of supply (*Strutt & Parker*).

METHOD OF SALE

The land is offered for sale by private treaty. The freehold is available with vacant possession upon completion.
