LAND VALUES

Pasture land prices in the region are **14% higher than the average** as land values rose again last year, despite numerous challenges in the local market & global economy. This once again shows the inherent resilience of agricultural land as a tangible asset.

With a wide range of potential uses, agricultural land remains an attractive investment for a diverse range of buyers. This is supported by the fact that, **in the past 5 years, land values have risen by 31%**, outperforming the FTSE 100, UK property prices and interest from savings in the bank.

These rises are driven by historically low levels of land availability, as demand continues to outstrip supply.

ACCESS

Full vehicular access to the land is provided by an excellent private track from Manor Farm Cottages off Westwood Lane. This private track also serves Little Orchard Farm house.
